ii. Whether Learning Outcomes Defined

Learning outcomes describe the measurable skills, abilities, knowledge or values that students should be able to demonstrate as a result of a completing a course. They are student-centered rather than teacher-centered, in that they describe what the students will do, not what the instructor will teach. The learning outcomes have 100% followed by all the faculty of GDC Dhaneta. The learning outcomes define as under:

Learning Outcomes (Dept. of Commerce)

- Build a strong formation on knowledge in different areas of commerce.
- Develop the skill of applying concepts and techniques used in commerce.
- Develop an attitude for working efficiently and effectively in business world.
- Learners venture into Managerial positions, Accounting areas, Banking Sectors, Auditing, Teaching, Professor, Stock Agents, Government Employment etc.
- Enables students to demonstrate Progressive learning of various tax issues and tax forms related to individuals and businessmen and setting up their own business start up.

- Learners can pursue careers as financial experts and also develop a better understanding of the markets as this course gives an in-depth understanding of the essential qualities and areas of expertise required for such jobs.
- Students get opportunities to explore many career paths like investment and portfolio management, stock market, security analysis, mutual fund and capital market analysis, accounting field, financial field etc.
- The specially designed syllabus creates trained professionals who can handle various financial activities associated with banking and insurance sectors.
- Specialization in Banking and Insurance helps students to operate efficiently in the Banking and Insurance environment in the financial service sector and handle various technologies employed in the field of Banking and Insurance.
- Examine the capabilities in varied areas developing communication skills with an aim towards holistic development of learners.
- Develop the capability of decision making at personal and professional levels and inculcate entrepreneurial skills.

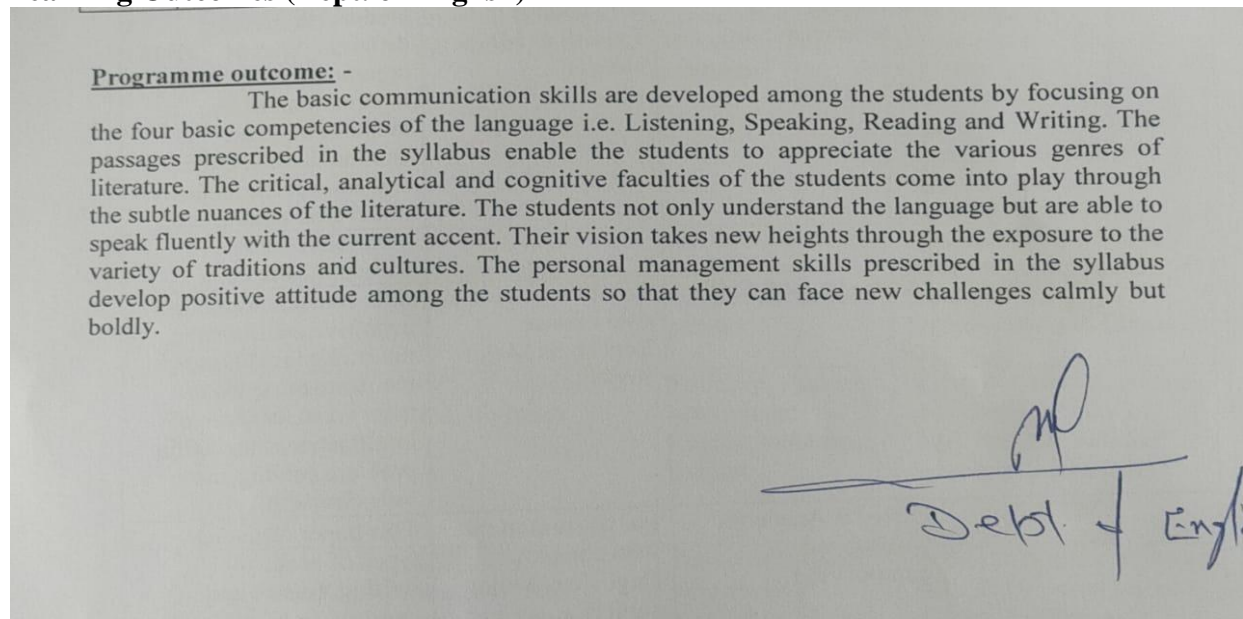

Dr. Rajneesh Kumar

Dr. Anjana Kumari

Learning Outcomes (Dept. of English)

Learning Outcomes (Dept. of Political Science)

- Increase students' understanding of international politics and give them the theoretical tools they need to comprehend and evaluate current trends in international relations.

- Students learn about the various debates surrounding human rights, gender, and the environment in this course. The goal of the course is to give students insight into the fundamental concerns of moral human existence.
- Help students comprehend India's democratic political system and how it interacts with the current social and economic landscape.
- Familiarize students with the writings and political theories of significant philosophers from both Western and Indian traditions.
- The course gives students a thorough understanding of political science and piques their interest in furthering their studies in this area.
- To acquaint students with the fundamental ideas, procedures, and scope of comparative politics, as well as with various methodologies and their advantages and disadvantages.

Neelam Agnihotri
Associate Professor
Political Science

अधिगम प्रतिफल क्या है? (Learning Outcomes Department of Hindi)

दक्षताएं एक निश्चित अवध में प्राप्त होती हैं इसलिए सीखने की उपलब्धियों (Learning Achievements) के अंतरिम चिन्हों (Interim marks) की आवश्यकता होती है ताकि शिक्षक सीखने का निरीक्षण और उसे ट्रैक कर सके और लगातार शिक्षार्थियों की जरूरत पर प्रतिक्रिया दे सके यह अंतरिम चिन्ह सीखने के प्रतिफल (Learning outcomes) है। इस प्रकार सीखने के प्रतिफल सीखने के छोटे मील के पत्थर (Milestones of learning) हैं और आमतौर पर ऐसे क्रम में प्रगति करते हैं जिससे एक दक्षता प्राप्त होती है। उदाहरण- एक छोटा बच्चा है जिसने अभी चलना भी नहीं सीखा है और उसे दौड़ने में दक्षता प्राप्त करनी है तो वो सीधे ही नहीं दौड़ने लगेगा और दौड़ने में दक्षता प्राप्त कर लेगा उसे बहुत सारी चीजों को सिखाना होगा बहुत सी स्टेप्स से गुजरना होगा। जैसे- किसी चीज के सहारे खड़ा होना , बिना सहारे के खड़ा होना , उंगली पकड़कर चलना , बिना किसी के सहारे चलना, थोड़ी दूर तक दौड़ना, बिना किसी समस्या के आराम से दौड़ना। जब बच्चा इन सभी स्टेप्स को एक-एक करके सीखता जाएगा तो वह दौड़ने में दक्षता प्राप्त कर लेगा। यही स्टेप्स दौड़ने की दक्षता के लिए अधिगम प्रतिफल (learning outcomes) है। हम बारी-बारी से इन सभी अधिगम प्रतिफलों को प्राप्त करते जाएंगे तो हम इस दक्षता को अपने आप प्राप्त कर लेंगे।

- अधिगम प्रतिफल विशिष्ट दक्षताओं को प्राप्त करने के लिए शिक्षकों को अपनी विषय वस्तु (Content), शिक्षण प्रक्रिया (Pedagogy) और आकलन (Assessment) की योजना बनाने में सक्षम बनाते हैं।
- अधिगम प्रतिफल अनिवार्य रूप से दक्षताएं प्राप्त करने के आवश्यक प्रमाण है। सीखने के प्रतिफल विशिष्ट कथन है जो यह बताते हैं कि एक शिक्षार्थी अधिगम प्रक्रिया के बाद वास्तव में क्या करने में सक्षम होगा।

- एक दक्षता के लिए एक से अधिक अधिगम प्रतिफल हो सकते हैं। इन्हें आसानी से Observe किया जा सकता है और इनका आसानी से आकलन (Assessment) किया जा सकता है।
- प्राप्त किए गए सीखने के प्रतिफलों की पहचान सीखने की प्रक्रिया, आकलन और वास्तविक जीवन में सीखने के प्रदर्शन के माध्यम से की जा सकती है।

डॉ. प्रीतम चंद
सहायक आचार्य हिंदी
राजकीय महाविद्यालय धनेटा

Learning Outcomes (Department of Economics)

To accomplish the educational objectives and to fulfill accreditation criteria, all economics programs provide the knowledge, experience, and opportunities necessary for students to demonstrate their attainment of the following outcomes:

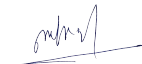

- Economics students will effectively visualize, conceptualize, articulate, and solve complex problems or address problems that do not have a clear answer, with available information, through experimentation and observation, using microeconomic and macroeconomic theory, as well as calculus and statistical tools. They will apply economic analysis to everyday problems helping them to understand events, evaluate specific policy proposals, compare arguments with different conclusions to a specific issue or problem, and assess the role played by assumptions in arguments that reach different conclusions to a specific economic or policy problem.
- Students will understand how to apply empirical evidence to economic arguments. Specifically, they may obtain and/or collect relevant data, develop empirical evidence using appropriate statistical techniques, and interpret the results of such analyses.
- Students will broaden their global and disciplinary knowledge, enhancing their understanding of the world around them both within economics and beyond.

Dr. Ajay Kumar
Deptt. of Economics
GDC Dhaneta

iv) Internal Assessment Mechanism (Quizzes, Class Test, Presentation, Assignments, MTT etc)

Internal Assessment Mechanism are followed by all the department of GDC Dhaneta, which are given below:

Record of Class tests, Assignments, Quizzes, Presentations and MTT i.r.o GDC Dhaneta
