

Best Practices -1

“Conserve Nature and Spread the Message on Environmental Values”

Goal :- Improve the environment raising and pitching the quality of life.

Best Practice :- Helps to ensure that trees are healthy and sustainable .

Choose the right species ,use healthy saplings, plant at the right time, plant at the right depth ,spaces trees appropriately ,proper care helps us to ensure that tree plantation is successful and sustainable.

(Plantation drive at GDC Dhaneta)

(The students of the college cut the grass and bushes from the college campus)

(The students of the college watering the plants)

(The students of the college watering the plants)

Best Practices -2

“Panoramic students concentrated execution”

Goal :- To expose young minds to the best educational environment.

Best Practice :- Education is considered to be the aggregation of all processes by which a person develops capabilities ,skills ,attitudes and other forms of behavior of practical values in the society they live in. Co-curricular activities inculcate moral, spiritual ,ethical values in a competitive environment and help students develop a variety of skills and experience that are not necessarily taught in the classrooms.

Evidence of success:-

The college celebrates days of National importance with enthusiasm

And full patriotic spirit.

Various competition were organized under systematic voter education and voter participation (SVEEP) campaign to make students aware about potential role of young voters in democracy.

(A voter awareness rally was taken out by the college students)

(Awareness rally was taken by the college students to save the environment)
